I will try not to keep you waiting. If we should have an emergency, which could delay your appointment more than a few minutes, we will call you at home or work to let you know about it. We understand how valuable your time is and treat it with respect.

During your initial visit I will perform a thorough dental exam, to include a periodontal evaluation, a complete set of X-rays, and an oral cancer exam. When significant treatment is indicated, we will have a no charge consultation to discuss options, personal needs, fees and insurance.
